...Built Right to Do the Job Right

EHW

All-Electric Hot Water Pressure Washer

**TWO
WIRELESS
REMOTE
OPTIONS!**

■ Control the EHW from up to 300 ft. away with the **LanCom Wireless Remote** option. Saves time with the ability to control the EHW while on a ladder or scaffolding. Two versions available for controlling the pump and 1-Step or 2-Step detergent application.

■ 7-Day **Timer** automatically turns the heating elements on and off to conserve energy and meet your cleaning schedule.

■ The **Time Delay Shutdown** function automatically turns the unit off if the gun is left in shutoff mode. Operator can adjust delay from 2 to 10 minutes.

■ Nine high-efficiency **Heating Elements** (40.5 KW) are protected by an incoloy alloy sheath and do not come in contact with the pressurized water, resulting in reduced scale buildup, lower maintenance, and extended life.

■ Industrial-duty **Magnetic Motor Starter** for long life of motor.

■ Insulated, fatigue-free **Trigger Gun** with stainless steel, dual-lance Variable Pressure Wand make for easy cleaning and adjusting the pressure while washing.

■ 50 ft. of double-wire braid **High Pressure Hose** rated for up to 6000 PSI and with 24-inch **Hose Guard** for burst protection and swivel **Crimp Fitting** for tangle-free handling of hose and trigger gun.

- Up to 4.2 GPM;
Up to 3000 PSI
- **Stainless Steel Coil**
- **No Open Flame or Combustible Fuel**
- **Belt-Drive Pump with 7-Year Warranty**

■ Heavy-duty **Upper Cabinet** is made of stainless steel, including base plate and easy-to-remove cover; **Lower Cabinet** is made of steel protected by an epoxy powder coat finish.

■ Water is heated in a **Stainless Steel Coil** submerged in a tank of hot water solution for efficient heat transfer and instant hot water with the pull of the trigger; a **Layer of Oil** rests on the surface of the tank water solution for additional retention of heat and to prevent evaporation.

■ Industrial-strength **Motor** and cast-iron, bushing **Pulleys** use a convenient 2-bolt pulley adjustment for easy maintenance and longer life; 2 notched "V" cogged belts, which operate cooler, connect the motor to the rugged **High-Pressure Pump** with three ceramic plungers and forged brass head with 7-year warranty.

■ Easy-to-attach **Detergent Injector** for easy application of soap.

■ Helpful **Tri-Lingual Labels** with operating instructions in English, Spanish and French for operator convenience and owner protection.

■ Motor and pump are mounted on a **Power Platform** with four vibration isolators to minimize fatigue and stress on the frame.

■ Four quick-coupler **Nozzles** are made of hardened stainless steel and mounted for ready access.

■ Safety **Low-Water Flow Switch** protects heating elements from burn out due to lack of water.

WHY CHOOSE THE EHW?

The perfect choice for in-plant cleaning, this series couldn't be easier to operate - just plug it in and get hot water! The lack of combustible fuels or hazardous fumes makes it safe to store under the stairs or in a closet. The heating coil is uniquely designed for immersion in a tank of hot water for reduced maintenance needs, and a layer of oil floating atop the water assists in heat retention and prevents evaporation. The EHW is enclosed in a stainless steel cabinet and mounted on a platform, and can be fitted with our LanCom wireless remote system, time delay shutdown, and other labor saving options. Generating no fumes or noise, and easy to store, you'll wonder why you didn't choose this unit for your indoor cleaning needs ages ago!

The EHW hot water pressure washer is ideal for mining and drilling operations where an open flame for heating is prohibited.

Model #	Part #	GPM	PSI	Pump RPM	Motor HP	Volts	Phase	Amps	KW	Ship Wt (lbs)
