

## Industrial Pressure Washers ...Built Right to Do the Job Right

# **ENG**

### Compact, Natural Gas or LP-Heated Hot Water Pressure Washer

- Industrial-grade, belt-driven High-Pressure Pump has a triplex, forged brass head with a 7-year limited warranty and U-seals for greater pump protection.
- Many Safety Features, including a rupture disk to prevent the buildup of excessive pressures or heat.
- High-efficiency
  Burner has Electronic
  Ignition standard
  on all models,
  eliminating the
  hassle of having
  to constantly light
  the pilot flame.
- Innovative
  swing-out cast iron
  Burner Ring makes
  serviceability easier.
- Rust-free, polyethylene Float Tank with stainless steel inlet filter and low-turbulence diaphragm float valve allows for high pressure application of detergent.
- During installation, Fielder's Choice allows inlet and outlet connections to be located on either end or rear of the machine.
- Removable Panels with EZ Loc fasteners allow easy access to components for repair or replacement.

- Cast-iron, bushed-bore **Pulleys** mean long life and easy maintenance on the high-pressure pump.
- Rugged **Steel Frame** painted with a polyester powder-coat finish for allweather protection.
- LANDA Karcher Group

- EASY!Force Trigger Gun with cruise control like technology uses its own recoil force to hold the trigger down so, no more sore hands after hours of use. (ENG4, ENG5, & ENG6 only)
- Insulated, fatigue-free **Trigger Gun** with stainless steel **Insulated Wand** make for effective point-and-shoot cleaning action. (ENG8 & ENG10 only)

- Up to 9.5 GPM; Up to 3200 PSI
- Rugged Belt-Driven Pump with 7-year Warranty
- Remote Options
- Electronic Ignition
- Natural Gas and LP Models
  - Overload protected Lighted Control Switches are conveniently located for ease of operation.
  - Helpful **Trilingual Labels** with operating instructions in English, Spanish, and French for owner and operator protection.
  - Three quick-couple Nozzles are made of hardened stainless steel and mounted for ready access.
  - Tru-Tite belt tensioning system uses an idler arm to keep the belt in-line, tensioned, and it extends the life of the belt.
  - Brass, anti-syphon **Detergent Metering Valve** locks out air and dispenses precise amount of cleaning agent.
  - Our patented Cool-Bypass\* system keeps pump water temperature low while in bypass.
  - Industrial-duty Electric Motor with multiple voltage options and thermal overload protection.
  - Optional LanCom Wireless Remote controls the pump, burner and detergent up to 300 feet away line of sight.
  - Top-of-the-line Tuff-Skin Hose, with 24-inch hose guard for burst protection and swivel swedge fitting for twist-free operation; offers seven times the abrasion resistance as other high-pressure hoses.

#### WHY CHOOSE THE ENG

If you're tight on space but have big cleaning needs, Landa Kärcher Group's patented\* ENG is the perfect machine for you! There isn't a more compact natural gas pressure washer on the market. The ENG packs a ton of features into an incredibly tiny footprint. Start with Landa Kärcher Group's patented Cool-Bypass\*\* system that keeps the water temperature low while the machine is in bypass mode, extending the life of the pump. Other innovative features include Landa Kärcher Group's Tru-Tite belt tensioning system, which relies on a spring-loaded idler arm to keep the belt aligned and tensioned, reducing wear and tear on the belt; and the Fielder's Choice system, which allows you to switch the inlet/outlet connections from one side to the other, adding versatility and making installation a breeze.

Fully instrumented, the ENG's removable panels allow easy access to components.
