

NT 68/1 Squeegee Vacuum

Fast and thorough water cleanup

Designed with water pick-up in mind.

The NT 68/1 offers efficient water pick-up with its front-mounted and self adjusting squeegee assembly. Available in 3 configurations to meet nearly any need. Its innovative tip-free design provides 100% dumping of the large 18-gallon tank for ease of operator use. Ergonomically designed with large rear wheels, two swivel castors and durable powder-coated handle the NT 68/1 is the ideal tool for frequent water pick-up.

1 Designed for productivity

- 18 gallon capacity offers easy mobility for medium to large jobs.
- Front-mounted squeegee offers more productive water pick up.

2 Simple operation

- Easy to use, train, operate.
- Unique design empties the entire tank without tipping.
- Easy access squeegee assembly lift.

3 Innovative features

- Self-adjusting squeegee blades.
- Tool Compartment with safety sign storage bracket.

4 High performance

- Large filter enable a constant high suction power and long working intervals without interruption.
