

MHP

Gasoline-Powered, Hot Water Pressure Washer with a Narrow Frame

- Up to 3.8 GPM, 3500 PSI
- Heavy-Duty Honda or Vanguard Engines
- Belt-Drive Pump with 7-Year Warranty
- Sch. 80 Heating Coil

▲ Rugged **High-Pressure Pump**, with three ceramic plungers, forged brass head and 7-year warranty, is connected to the engine by a belt-drive assembly that features cast-iron bushing **Pulleys** and two notched "V" cogged belts, which provide a cooler operation and longer life; also **Two-Bolt Adjustment** makes it easy to adjust the belt tension.

■ Industrial-duty **Gasoline-Powered** Honda or Vanguard engine with overhead valves and easy-access oil drain line; all have keyed **Electric Start**.

■ Durable polyurethane **Battery Box** with vibration isolators for a secure ride.

■ Optional **Wheel Kit** adds portability to the self-contained design.

■ Four quick-couple **Nozzles** are made of hardened stainless steel and are mounted for ready access.

■ Optional, swivel **Hose Reel** with compact, easy-wind design for tangle-free handling of hose (hose reel bracket is standard).

■ 50 ft. of 3/8", wire braid Landa **Tuff-Flex Hose** rated for up to 5000 PSI and featuring a 24-inch **Hose Guard** for burst protection.

■ High-efficiency 12VDC **Burner** is mounted on the end for ease of servicing and adjustments.

■ Conveniently located **Control Panel** with burner on/off switch, monitor light and hour meter for maintenance monitoring.

■ **Swivel Crimp Fitting** for ease in attaching hose to trigger gun.

■ Rugged, 1¼-inch square tube **Narrow Frame** is only 25-inches in width to fit most doorways and is protected by an all-weather resistant epoxy powder coat finish.

■ Many **Safety Features**, including a rupture disk and thermal pump protector to prevent the buildup of excessive pressures or heat.

■ Extra-durable **Heating Coil** made of leak-free, cold-rolled, Schedule 80 steel pipe with five-year warranty.

■ Unique lift-out design allows for easy and quick **Coil Access** by removing six bolts.

■ Helpful **Tri-Lingual Labels** with operating instructions in English, Spanish and French for operator and owner liability protection.

■ **Metal Side Panels** are easy to remove for convenience in servicing.

■ Insulated, spring-loaded **Trigger Gun** with easy-to-attach **Detergent Injector** and insulated, dual-lance **Variable Pressure Wand** make it easy to switch between wash and rinse modes.

Shown with optional hose reel and wheel kit

■ Two rust-free, 5 gallon **Fuel Tanks** are "see through" or monitoring fuel levels and have elevated fuel lines to prevent debris from damaging the burner (Vanguard model only).

WHY CHOOSE THE MHP

The MHP is a self-contained, mini-skid, hot water pressure washer with an extra narrow frame for maneuvering through doorways.

QUALITY: While it is considered an economy model, it is still packed with quality, including reliable Honda or Vanguard engines all with electric start, top-of-the-line, belt-drive, tri-plunger pump with 7-year warranty, Schedule 80 heating coil made of ½-inch cold-rolled pipe, and extra rugged steel frame protected by an epoxy powder coat finish. Moreover, the MHP is assembled in our factory that is certified to the internationally recognized ISO-9001:2008 standards for quality manufacturing.

PORTABILITY: The MHP is easily fitted with an optional wheel kit to make it portable for on-site cleaning. No electricity is needed. Simply provide water and it's ready to clean most anywhere outdoors. The two five-gallon gasoline and diesel tanks (Vanguard model only) allow for hours of continuous cleaning. The MHP comes standard with a bracket to allow an optional hose reel for tangle-free washing and additional high-pressure hose protection.

SAFETY: As with all our pressure washers, the MHP comes certified to the rigid UL-1776 safety standards, including: 24-inch hose guard for burst protection; thermal pump protector and unloader for protection against buildup of pressure or heat in pump bypass water; and rupture disk to vent any buildup of excessive pressure in the heating coil.

Model #	Part #	GPM	PSI	Pump RPM	Engine	CCs	Ship Wt (lbs)
MHP4-30324E	1.110-501.0	3.5	3000	1160	Honda GX340	337	555
MHP4-35324E	1.110-503.0	3.8	3500	1185	Honda GX390	389	595
MHP4-35224E	1.110-502.0	3.8	3500	1185	Vanguard 18	479	560

E = Electric start engine (battery not included)
