

ATTIX 19AE FLOOD SUCKER

A revolution in water evacuation

www.nilfisk-alto.us

The Attix 19 AE Flood Sucker picks up nearly one gallon per second and has a built-in, automatic discharge pump that operates simultaneously with the vacuum.

It separates solids into a stainless-steel basket inside the canister while liquids are simultaneously discharged through a standard 1.5 inch fire hose (optional). The powerful discharge pump is capable of pumping water up to 23 feet vertically and 300 feet horizontally.

**Nilfisk
ALTO**

Where ordinary sump pumps leave a level of one to one-and-a-half inches of liquid on the ground, the Flood Sucker removes liquids and brings surfaces to a completely dry stage.

This unit is effective in helping flood-stricken customers clean and dry their flood-damaged carpets, floors, basements and more. It cuts man hours by eliminating the time-consuming task of manually dumping the vacuum canister.

A unique feature of the machine is the recovery container which can tilt or be lifted out, making emptying hassle free. This machine can be operated in three modes – vacuum-only, pump-only (which allows you to trap liquids and pump them separately), or simultaneous vacuum and pump.

Features

- Accessory Holder
- Cable Hook
- Rubber Cable
- Soft Start
- Tool Deposit

Accessories

- 1.5 ft x 13 in hose
- Curved Wand
- Extension Tube
- Industrial Squeegee
- Filter Cartridge

TECHNICAL DATA	ATTIX 19 AE FLOOD SUCKER
Part Number	302001541
Power	1.6 hp
Power Peak	8.5 hp
Air Flow	140 CFM
Water Lift	105 in
Noise Level	57 dB A
Container Volume	19 gal
Dimensions L x W x H	24 in x 23 in x 38 in
Shipping Weight	97 lb
