

## A15 & VHC200 Air-Operated Industrial Vacuums

## Powerful & Low Maintenance

A15

Nilfisk CFM's A15 and VHC200 pneumatic vacuums were developed in response to customers' needs for compressed-air vacuums that pack the same punch as electric industrial vacuums.

The A15 and VHC200 use air pressure generated by a compressor which is driven through a venturi inside the vacuums to create powerful suction. Because the venturis have no moving parts like electric motors, the units are very low maintenance.

The A15 is compact and maneuverable, well suited for confined spaces and transportation to remote locations. The larger VHC200 can handle heavy-duty chores and features a large 26-gallon tank. It can also be equipped to collect liquids and other wet hazardous materials.

- Low noise level for operator comfort
- Large main filter provides more surface area for filtering and resists premature clogging
- External filter shaker keeps the main filter free of clogging dust and helps maintain maximum suction power and filtration performance.

VHC200

Both machines are available in stainless steel and can be fitted with optional HEPA filters, anti-static filters and array of accessories.

A15 option: collection container fitted with an inlet, paper bag, & cap for safe recovery

VHC200: Accessory holder

General Cleaning Accessories (sold separately)

Technical Features		A15	VHC200
Collection type	wet/dry	dry only	dry (wet option)
Min. air consumption @ 90 psi	cfm	45	70
Recommended air compressor size	hp	10-15	18-23
Compressed airline inner diameter	inches	1/2	3/4
Length of supplied airline *	ft.	20	30
Waterlift, max.	inches H2O	157	177
Airflow, max.	cfm	99	200
Sound pressure @ 1.5 m (ISO 3744)	dB(A)	72	70
Filter area, main filter	sq. ft.	7.5	21
Filter area, optional HEPA	sq. ft.	11.8	37.7
Tank Capacity	gal/liter	6.6/25	26/100
Dimensions (L x W x H)	inches	19.7 x 21.6 x 37.4	35.8 x 23.6 x 62.6
Weight, machine only	lbs.	53	154
Machine inlet size	mm	50	70
HEPA filter efficiency		99.97% @ 0.3 microns	99.995% @ 0.18 microns

\* Use Chicago "twist-claw" type air hose fittings only

**A Spotless Reputation with a Guarantee to Prove It!**

We've earned our solid reputation by consistently producing top-quality vacuums and offering the industry's most complete selection of vacuum filtration options, attachments, and accessories.

We back all of our products with our industry-leading two-year warranty. Nilfisk-Advance America empowers you with complete buying confidence.

For a list of major customers in your industry, please contact our headquarters or your local representative.
