

SS Mercury

Mercury

The Nilfisk SS Mercury vacuum recovers liquid mercury spills and granular mercury compounds effectively while absorbing mercury vapors in the process.

Common applications: This stainless steel vacuum cleaner meets OSHA standards for inorganic mercury and is ideally suited for research labs, hospitals, instrument and switch manufacturers, or anywhere that requires a small amount of spill collection.

Technical specifications:

- Voltage 115 V/60Hz
- Watts 1100
- Waterlift, max 82"
- CFM, max 24*
- Tank capacity 3.25 gallons
- Dimensions 22" x 22" x 35"
- Sound level 61 dB(A)
- Weight 63 lbs.
- Filtration Gore-tex™ collection bag + carbon filter + micro filter + upstream HEPA filter

*airflow restricted by carbon filter

Item	Description	Part Number
SS Mercury	Includes SS Mercury vacuum cleaner (115V), impregnated carbon filter, Gore-Tex® collection bag, positive twist safety latches, trolley, hose with end cap, micro filter	M90049
Replacement Filters and Optional Accessories		
Polyester micro filter	retains 99.5% @ 2 microns	11730410
Gore-Tex® micro filter	retains 99.995% @ 0.33 microns	01703701
Gore-tex collection bag		01722501
Replacement HEPA filter cartridge (exhaust)	retains 99.97% @ 0.3 microns	01727631
Replacement HEPA filter cartridge (upstream)	retains 99.97% @ 0.3 microns	12015500
Replacement ULPA filter cartridge (exhaust)	retains 99.999% @ 0.12 microns	01737631
Specialty impregnated carbon filter for mercury vapor	approximate life of carbon filter is 5 years	01796549
