

BD 26/26 Walk-Behind Automatic Scrubber

World Class Scrubber
Delivering Superior
Productivity, Durability
and Improved Health

The New Standard of Scrubbing

Tornado's new BD 26/26 walk-behind scrubber offers world class scrubbing, a wide cleaning path and large capacity solution and recovery tanks. This unit is perfect for use in grocery stores, retail facilities, hospitals, and warehouses. The BD 26/26 lays down cleaning solution, scrubs, then vacuums away dirty solution, leaving floors clean and dry in just one pass, even around 180 degree turns. Clean over 32,300 square feet per hour while increasing your building's occupant health and safety.

Tough, Long-lasting Scrubbers

Rigorously tested in the field, the BD 26/26 walk-behind scrubber is constructed with a tough rotomold polyethylene body, ensuring years of maximum performance and reliability. Service down-time is significantly reduced with its wide-open clam shell design for fast and easy access to tanks, batteries and motor. For application flexibility and easy maintenance, there are no tools required when changing disc brushes. When it comes to longevity, Tornado's BD

26/26 walk-behind scrubber will outlast the competition, and comes standard with a 10 year warranty on the body and tanks for years of hassle-free use and reliability.

Healthier Buildings

The BD 26/26 improves the health of your facility by offering a choice of traditional wet or eco-friendly, maintenance-free AGM batteries. With Tornado's eco-friendly AGM batteries, you can say good-bye to dangerous battery maintenance, risk of work-related injury, and hello to increased worker safety. This also results in increased worker productivity and cleaning speed. Clean quietly with the BD 26/26's OSHA-recognized, whisper-quiet 67 decibel level. Less noise results in reduced distractions and ensures improved working conditions for your staff.

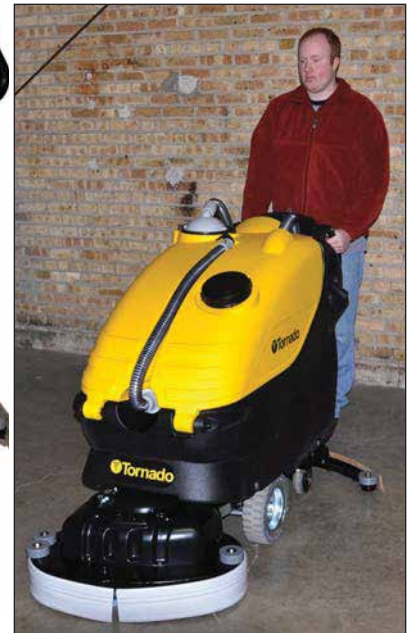

BD 26/26. Delivering Leading Edge Innovation, Durability, and Versatility

Features and Benefits of the BD 26/6

- Large walk-behind unit suited for grocery stores, large retail facilities, schools, industrial facilities and hospitals
- 26" cleaning path
- 26 gallon solution tank
- 28 gallon recovery tank
- Simple operator interface
- Whisper Quiet 67 dB
- Tight turning radius for superior maneuverability
- Built-in safety feature avoids work-related accidents
- Optional eco-friendly, 100% non-spill AGM battery available
- Heavy-duty, four-sided, parabolic squeegee
- Ergonomic handle design
- Exceptionally durable rotomolded polyethylene construction
- Stainless steel battery tray
- Manual adjustment of brush pressure
- Dual access to solution and recovery tanks

BD 26/26

**Whisper-Quiet,
OSHA recognized 67 dB**

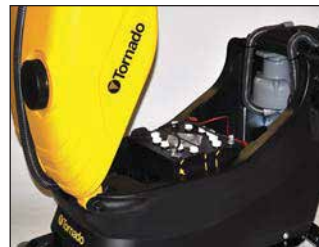

Disc Pads and Brushes

The BD 26/26 comes standard with pad holders. When used with the appropriate pad, this is the ideal solution to daily maintenance cleaning. The unit can be fitted with a variety of optional scrub brushes, a time-proven solution for smooth floors.

Silent Supervisor

Ergonomic handle and easy-to-read control panel displays battery run time and charge indicator, maximizing your team's cleaning efficiency and protecting your investment.

Easy Maintenance

A locking hood strut keeps the lid open during maintenance for safe and easy access to batteries, vacuum motors and hoses. The clam shell design allows the batteries to breathe during the charging process, preventing moisture and corrosion build-up of the battery posts.

Quick, No-Tools Pad Change

Deck shroud peels back for easy access to change disc pads.

Parabolic Squeegee

The parabolic squeegee ensures 100% solution recovery, even around 180 degree turns. Heavy duty assembly features a four-sided rear blade with quick-release lever to facilitate squeegee changes in just 10 seconds or less!

| PRODUCT SPECIFICATIONS | |
|---|---|
| MODEL | BD 26/26 |
| PART NUMBER | 99726 |
| MACHINE DIMENSIONS | |
