

## CK 3030 Wide Area Vacuum<sup>®</sup>

Outstanding clean-air performance,  
in a durable operator-friendly machine.

### Vacuuming Large Areas

If you are challenged with maintaining large carpeted areas, the 30" CK 3030 Clean-Air Carpetkeeper delivers the performance of three upright vacuums, increasing your vacuuming productivity up to 10,000 square feet per hour. High efficiency cleaning performance, clean-air filtration, and a host of operator-friendly features make this the perfect unit for malls, airports, hotels, convention centers, department stores, hospitals, and more.

### Powerful Cleaning

The CK 3030 utilizes two high-efficiency vac motors providing 224 cfm. The 1800 rpm brush loosens deep-down dirt and revives compressed carpet pile in high traffic areas so your carpets stay looking great longer. Features include five-position brush height adjustment, stainless steel brush shoe, and dead-man's safety switch for added protection. Robustly designed and constructed of rotationally molded plastic, the CK 3030 stands up to the every day rigors faced by today's cleaning and maintenance professional.

### Four-Stage Clean-Air Filtration

The CK 3030 comes standard with a four-stage filtration system including disposable paper filter bags, an outer cloth bag, two vacuum motor exhaust filters and a Clean-Air exhaust filter. This combined filtration efficiency reduces and minimizes dust particles, contaminants and allergens in the air, ensuring cleaner carpets and a healthier indoor environment.

### Ergonomic

Extra large 10" non-marking rear wheels and two large 3" front casters deliver superior maneuverability, reducing operator fatigue. Multiple position grip handle is cushioned, comes with a safety switch, and is ergonomically designed to reduce skeletal and muscular strain on the operator.

# CK 3030 Wide Area Vacuum®. Outstanding clean-air performance in a durable operator-friendly machine.

### Ease of use

The CK 3030 tackles large area vacuuming projects with ease. The handle can be adjusted for operator comfort. A 75-foot power cord minimizes interruptions for outlet changes.

### Brush height adjustment

The CK 3030 has five pile height adjustment settings. The user changes settings with a simple foot pedal.

### Storage made simple

The CK 3030's handle folds down and the unit can stand on end for storage.

### Operator-friendly

An ergonomically-designed handle with cushioned grips and safety switch are standard.

### Four stage clean-air filtration

**Stage 1:** Enclosed within the rotationally molded housing is a disposable paper filter bag, making disposal and replacement clean and efficient.

**Stage 2:** For added filtration Tornado® uses a bag-in-bag design. The paper filter is enclosed within a durable, reusable cloth filter bag.

**Stage 3:** Each of the two vac motors is fitted with an intake filter for a third stage of filtration.

**Stage 4:** A high-performance filter cartridge is located at the motor exhaust, ensuring clean-air performance.

The combined efficiency of four stage filtration delivers clean-air performance that will reward you with cleaner carpets and a healthier environment.
