

## The EB 30.

Quicker than a vacuum cleaner.

More effective than a broom.

### Whisper-Quiet

When a vacuum is too inconvenient and a broom is too time consuming, Tornado's<sup>®</sup> EB 30 will deliver the clean sweep you need in just minutes. The battery operated, motorized EB 30 mini-sweeper operates at 56 dBa (lower than the volume level of normal conversation) and can be successfully used in hotels, restaurants, retail stores, dressing rooms, movie theaters, cafeterias, waiting rooms, and building lobbies where quiet operation is a necessity.

### Operator Friendly

At 12" wide, it has a nicely sized cleaning path while remaining maneuverable. At just a shade over 4 pounds, it's extremely lightweight, thereby lessening operator fatigue and allowing for superior mobility and flexibility of use. The handle is adjustable with an ergonomic grip and can be locked into an upright position for easy storage.

### Staying Power

The EB 30 comes with a removable 7.2-volt rechargeable Ni-Mh battery, and a single battery charger that provides a full charge in just 12 hours. As an alternative, you can purchase a 50-minute quick-charger. When a quick charger is combined with multiple batteries, you'll get the ability to clean in a virtually continuous manner.

### Durable

The powerful brush heads sweep debris into an easily removable 1-liter (0.26-gallon) bin. The EB 30 is incredibly durable and includes a rugged polypropylene base with built-in injection molded rubber bumper to minimize damage to walls and furniture.

Make sweeping chores fast, efficient and noise-free. The EB 30. Quicker than a vacuum cleaner, more effective than a broom.

**And it's only from Tornado.**

# The new EB 30. The battery-powered electric broom for flexible, interim cleaning.

## 1. Ergonomic Grip

Enclosed grip allows for multiple hand positioning.

## 2. Telescopic Handle

Adjusts quickly and easily to accommodate users' height.

## 3. Universal joint

Allows for flexible operation. Easy maneuverability in small spaces and hard-to-reach areas. Handle can be locked into the upright position for compact storage and can be removed from the base attachment.

## 4. Built to Last

Rugged polypropylene base with non-marking injection molded rubber bumper built right in.

## 5. Optional spare battery

Rechargeable 7.2-volt battery powers the EB for up to an hour per charge\*.

\*Additional batteries can be purchased, along with a battery quick-charger that takes only 50 minutes to charge.

## 6. Foot activated on/off switch

Eliminates stooping and makes use effortless, convenient and fast.

### Changeable roller brush

Requires no tools and allows hairs, threads, etc. to be removed quickly and easily

### Flexible, universal joint

Handle articulates, providing superior maneuverability

### Easy to remove dustpan

Provides convenient rear access with large capacity

### Easily installed battery

Changing batteries is a breeze
